Hon. Dr. John Chrysestom Muyingo
STATE MINISTER FOR HIGHER EDUCATION

Rt. Hon. Dr. Crispus Walter Kiyonga
CHANCELLOR, MAKERERE UNIVERSITY

WELCOME MESSAGE FROM THE CHAIR COUNCIL

Dr. Lorna Magara
CHAIRPERSON MAKERERE UNIVERSITY COUNCIL

It is with great pleasure and honor that I welcome you to Makerere University. As the Chair of the Council, I am proud to be part of an institution dedicated to academic excellence, innovation, and the holistic development of our students.

At Makerere University, we strive to provide a nurturing environment where knowledge is acquired and applied to address real-world challenges. Our esteemed faculty and dedicated staff work tirelessly to ensure that every student has the opportunity to reach their full potential and achieve their aspirations. We are deeply committed to building strong partnerships with industries, governments, and other educational institutions locally and internationally.

To our alumni and partners, thank you for your continued support and engagement. Your contributions are invaluable in helping us uphold our mission and achieve our vision for the future. Together, we will continue to uphold the values of excellence, accountability, professionalism, integrity, respect, and inclusivity that define Makerere University

OUR VISION

Makerere University is a thought leader of knowledge generation for societal transformation and development

MESSAGE FROM THE VICE CHANCELLOR

OUR MISSION

Makerere University is committed to providing transformative and innovative teaching, learning, research and services responsive to dynamic national and global needs.

It is with great pride and enthusiasm that I extend warm greetings from Makerere University, one of Africa's oldest and most prestigious institutions of higher learning. As Vice-Chancellor, I am honored to share with you our University's achievements, aspirations, and our unwavering commitment to fostering global partnerships.

Makerere University has a long-standing tradition of academic excellence, research innovation, and community service. For virtually a century, we have been at the forefront of education in Africa, nurturing leaders, innovators, and change-makers who have made significant contributions to various fields worldwide.

Our University is home to a diverse and vibrant community of scholars and students from Eastern, Central and Southern Africa, Europe and Asia as well as America and the Western Pacific. We believe that diversity enriches the academic experience and fosters a deeper understanding of global perspectives. We are dedicated to creating an inclusive environment where everyone can thrive and contribute to the advancement of knowledge and society.

As we continue to advance our mission, we invite you to join us in our journey. Whether through research partnerships, academic exchanges, or collaborative projects, there are numerous opportunities for meaningful engagement with Makerere University. Together, we can create a brighter and more sustainable future for all. We look forward to building lasting relationships and achieving great things together.

MAKERERE UNIVERSITY • STRATEGIC PLAN • 2026-2030

Optimising the University's Research Potential for National and Global Transformattion

Vision
To be a Thought Leader of Knowledge Generation for Societal Transformation and Development

Mission
To provide transformative and innovative teaching, learning, research, and services responsive to dynamic national and global needs

OUR STRATEGIC OBJECTIVES 2025 - 2030

1. To promote innovative, flexible, appropriate, and integrated teaching and learning that transforms students' experiences and meets societal needs.
2. To strengthen research and innovations for national, regional, and global development
3. To establish and enhance mutually beneficial engagements and partnerships at local, national, and international levels
4. To strengthen University governance, management processes, infrastructure, human resources, and financial sustainability.

CORE VALUES

- **Excellence**
- **Accountability**
- **Professionalism**
- **Integrity**
- **Respect & Inclusivity**

MAKERERE UNIVERSITY

TEACHING AND LEARNING

Makerere University employs a blend of lectures, seminars, laboratories, fieldwork, clinical placements, internships, problem-based learning, research supervision and blended e-learning to foster practical skills, critical thinking and professional competencies in its students.

Students during an interactive conference session at Central Teaching Facility. (CTF 1).

Students and facilitators engaged in practical laboratory training.

Civil Engineering students at the College of Engineering, Design, Art and Technology beyond the classroom learning, witness drilling of a new borehole

Learning beyond the classroom Students participate in farm-based experiential learning activities

ACADEMIC UNIT SHARE OF STUDENT ENROLLMENT BY LEVEL (2024/25)

In the Academic Year 2024/25, the University enrolled a total of 23,282 students, comprising 19,408 (83%) at the undergraduate level and 3,874 (17%) at the postgraduate level excluding affiliated institutions. Female students accounted for 9,190 (47%) of the undergraduate enrollment and 1,650 (43%) of the postgraduate enrollment.

MAKERERE UNIVERSITY

RESEARCH AND INNOVATION

THE UNIVERSITY RESEARCH AGENDA 2025/26 - 2029/30

The Makerere University Research Agenda 2025/26 - 2029/30 was formulated in lieu of the national, regional and global context. Nationally, the plan is reflective of the range of current legal and policy frameworks including Vision 2040 and the Fourth National Development Plan (NDP IV). On the other hand, the plan is globally anchored – among other frameworks - to the Sustainable Development Goals (SDGs) (2015) and Africa Agenda 2063. These contexts not only highlight the role of the University in national and global development but also influence the thinking behind the strategic direction.

President Yoweri Kaguta Museveni launches the Research Agenda 2025/26 - 2029/30. with him in the group photo from left is Rt. Hon. Dr. Crispus Walter Kiyonga - Chancellor, Makerere University, Dr. Monica Musenero - Minister of Science, Technology, and Innovation,

Hon. Dr. Joyce Moriku Kaducu representing the First Lady and Minister for Education and Sports, Hon. Janet Kataaha Museveni, Mrs. Lorna Magara, Chairperson of Makerere Council, Prof. Barnabas Nawangwe, Vice Chancellor - Makerere University, Prof. Robert Wamala, Director DRIP

The Six Research Agenda Strategic Objectives.

The Research Agenda has six strategic objectives that the University aims to achieve through its research activities. These have been aligned with the University's Strategic Plan and the overall mission, vision and values of the University.

1. To create an enabling, harmonious, transparent, and efficient environment for research and innovation

2. Cultivate strategic partnerships with other research institutions, industry partners, government agencies, and non-profit organizations to enhance research capabilities and address complex challenges collaboratively;

3. Enhance communication and outreach efforts to disseminate research findings to diverse audiences, including the public, policymakers, and industry stakeholders;

4. Facilitate the transfer of research findings and technologies from the University to industry, contributing to economic development and technological progress

5. Promote ethical research practices and responsible conduct of research, ensuring that the University's research activities align with high ethical standards;

6. Improve funding and resources to support research initiatives, infrastructure development, and the expansion of research programs

The Research Agenda Priorities.

These objectives collectively guide the development and implementation of the University's research agenda, providing a framework for prioritizing resources, fostering a culture of research excellence, and maximizing the impact of research activities on both academic and societal fronts. The University research agenda covers the following research priority areas:

Health and Health Systems

Agricultural Transformation, Food Security and Livelihoods

Natural Resources Management and Climate Change

Sustainable Urbanization and Housing

Education and Education Systems

Cultural Heritage and Preservation

Governance, Social Justice, and Equity

Economic Growth, Business and Innovation

Science, Engineering and Technology

To execute this University research agenda and drive innovation across diverse disciplines, a well-defined and robust funding strategy is imperative. The University is working hard to secure sustainable funding from a variety of sources (within and outside the country) to support the research initiatives, foster collaboration, and elevate the reputation of Makerere University as a leading research institution.

GOVERNMENT OF UGANDA

MAKERERE UNIVERSITY RESEARCH AND INNOVATIONS FUND, MaK-RIF

Mak-RIF has since 2019 awarded grants for research projects, forged collaboration with ministries, departments and agencies as well as promoting desemination of reasearch findings to the community and policy markers and this is made possible with funding from the government of the Republic of Uganda.

Grant awards to researchers

In the Financial year, 2024/2025, the RIF awarded a total of 138 grants to the RIF 6, of which 119 Research Agenda Based on national priorities while 19 were needs based projects. These are based on the needs identified under the Vice Chancellor for the University. The number of awards has now increased to 1456 projects as at the end of the FY 2024/25. The RIF also held a launch of the award and an induction ceremony for the PhD Candidates from the second round of PhD research grants. The First year of the PhD Grant awarded in the financial year 2022/23 had 115 grants given out of which 50 completed their studies in the first year for which they were funded while the second year has offered 120 awards. The Grant amounts range from UGX. 20,000,000 up to UGX 30,000,000. The figure below gives a snapshot of the projects funded by thematic area under the new Research Agenda for RIF 6 grants, 2024/2025.

MAKERERE UNIVERSITY GRANTS ADMINISTRATION AND MANAGEMENT SUPPORT UNIT - GAMSU

Established by the University Council in 2020, GAMSU is a central office designed to provide coordinated, expert services in grants administration. The unit works closely with stakeholders across the university to strengthen institutional capacity, ensure financial accountability, and uphold the highest standards of research compliance and reporting

Prof. Sylvia Antonia Nannyonga-Tamusuza,
Head, GAMSU

RESEARCH ETHICS COMMITTEES (RECS) AFFILIATED TO MAKERERE UNIVERSITY

Makerere University hosts accredited Research Ethics Committees that provide ethical review and oversight of research involving human participants, promoting responsible research and protecting participant welfare

Prof. Ponsiano Ochama
School of Medicine
REC Chairman

Dr. Moses Ocan
School of Biomedical Sciences REC Chairman

Dr. Paul Kutyabami
School of Health Sciences - REC Chairman

Dr. David Kateete
Infectious Disease Institute - REC Chairman

REC Chairman

Dr. Fred Okuku
Uganda Heart Institute
REC Chairman

Prof. Sarah Ssali - DVC AA and Director Research Innovation and Partnerships - Prof. Robert Wamala - meet Chairpersons of Research Ethics Committees "RECs" at Makerere University.

MAKERERE RESEARCH EXCELLENCE AWARDS - 2025/26

In alignment with the Makerere University vision of becoming a research-led university, the Vice Chancellor introduced excellence awards as a mechanism of motivating university staff to conduct competitive, impactful, and cutting-edge research.

During the 76th Graduation Makerere University in February 2026, several faculty members from different colleges were awarded the Vice-Chancellor's Excellence Awards.

The Vice Chancellor found it important to streamline the process of identifying the best researchers and best teachers in the different Colleges in the University. This is in line with the Excellence Awards that are now a worldwide phenomenon, though they exist in different forms.

The Categorization of research excellence awards was made according to the Colleges, academic ranks, and academic disciplines. Categorization by Seniority is intended to encourage recognition of the young upcoming researchers; otherwise, they might be obscured by the senior researchers.

Makerere University recognized excellence through the presentation of awards in the following categories.:

1. **Early career Award**
2. **Mid-career Award**
3. **Senior Researchers Award**
4. **PhD Resilience Award**
5. **Innovation and Commercialization Award**

The Chancellor, Members of the University Management, and the recipients of the Vice-Chancellor's Excellence Awards

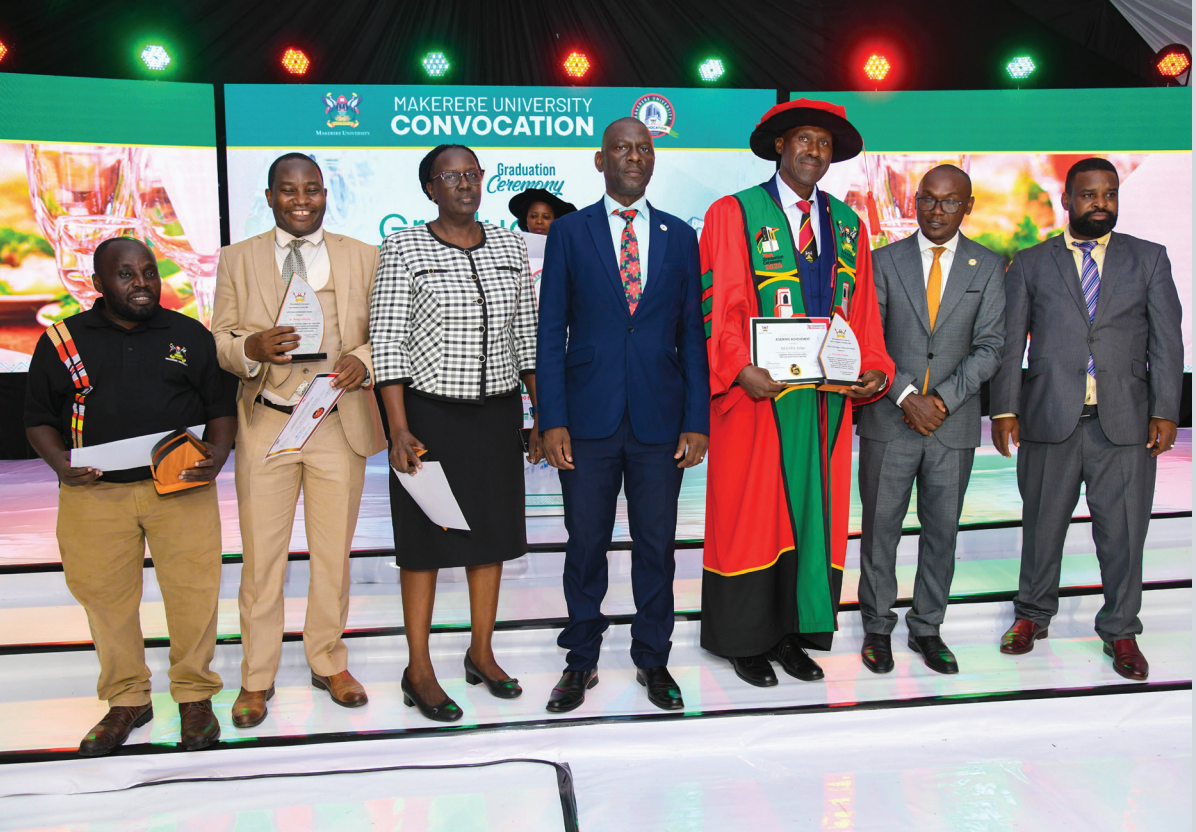
Prof. Augustus Nuwagaba, Rt. Hon. Dr. Monica Musenero, Prof. Barnabas Nawangwe and Prof. Sarah Ssali pose for a group photograph with the recipient of the Innovation and Commercialization Award

Dr. Diana Atwine Kanzira, Permanent Secretary in the Ministry of Health, and Hon. Dr. Balaam Barugahara Ateenyi, Minister of Local Government, join the Chair Convocation in a photograph with the recipient of the Research Excellence Awards.



Prof. Julius Kikooma, Director of Graduate Training, and Prof. Robert Wamala, Director of Research, Innovation and Partnerships, join the Chairperson of the Convocation in a group photograph with the supervisors of the recipient of the PhD Resilience Award, presented to a PhD graduand who completed their dissertation within three years

Researchers who received plaques recognizing their scholarly work from Hon. Balaam Barugahara Ateenyi, Minister of State for Youth and Children Affairs, during the Mak Convocation luncheon. Looking on are Prof. Buyinza Mukadasi, Academic Registrar; Dr. Diana Atwiine, Permanent Secretary, Ministry of Health; Convocation Chairperson Mr. George Turyamureeba Mugabi; and NRM National Youth Chairperson Mr. Collins Tanga, Prof. Robert Wamala, Director Research

Mak Computer Science Student Wins Africa Innovation Fellowship Award in South Africa

Christine Kikome, a finalist in the Bachelor of Science in Computer Science program at Makerere University's College of Computing and Information Sciences (CoCIS), has emerged as the Best Pitch Winner at the prestigious Africa Innovation Fellowship (AIF) bootcamp in Johannesburg, South Africa. Kikome walked away with a prize of R10,000 (South African Rands) for her pioneering project, FloralIntel – a digital health and education platform that uses artificial intelligence to identify medicinal plants and preserve indigenous knowledge

Software Engineering Students Win Award for Innovative Youth Entrepreneurship Platform

A team of three Year Two Software Engineering students from Makerere University's College of Computing and Information Sciences (CoCIS) has won an award for developing a web-based platform aimed at boosting youth entrepreneurship in West Nile and surrounding areas.

Mentored by Dr. Joab Ezra Agaba, the students developed an interactive platform designed to empower youth through features such as a TikTok-style skills showcase, interest-based guilds, accessibility tools for persons with disabilities, mentorship connections, job postings, and a credit-based leaderboard system.

SOME OF MAKERERE UNIVERSITY RESEARCH LABORATORIES

Infectious Disease Institute - IDI

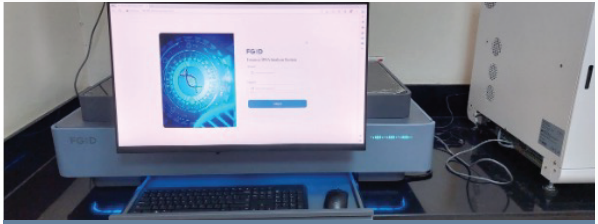
IDI was established in 2002 by the Academic Alliance for AIDS Care and Prevention in Africa. The Academic Alliance was founded by a group of infectious diseases experts from Uganda and North America with a vision and perseverance for an Africa free from the burden of infectious disease. IDI conducts programmes in:

1. Prevention, Care and Treatment
2. Research
3. Health Systems Strengthening,Training
4. Laboratory Services
5. Global Health.

IDI's laboratory services capacity is distinctive in Uganda combining an internationally accredited laboratory, a wide laboratory health system strengthening programme covering both urban and rural areas, and a well-established training programme coupled with systematic ongoing support to ensure that capacity is maintained.

Makerere University Biomedical Research Centre

MakBRC is a center of excellence at Makerere University's College of Health Sciences. The Center was set up to enhance student training, improve research and facilities, offer clinical support and health innovation management by the University and community. Some of the facilities at MakBRC include, but not limited to the following: IBRH3AU Biorepository, Genomics and Bioinformatics Laboratory, Immunology Laboratory, Microbiology Laboratory, Mycobacteriology Laboratory, Molecular Biology Laboratory, Pathology Laboratory, and Chemistry Laboratory.



Genomics and Bioinformatics Laboratory

Commissioning the newly refurbished CoVAB Based Research Centre for Tropical Diseases and Vector Control (RTC) Laboratory

On Friday, 1st August 2025, Prof. Barnabas Nawangwe, Vice Chancellor of Makerere University, officially inaugurated the newly upgraded Research Centre for Tropical Diseases and Vector Control (RTC Lab) at the College of Veterinary Medicine, Animal Resources and Biosecurity (CoVAB).

The event brought together a wide range of stakeholders, including representatives from the Ministry of Agriculture, Animal Industry and Fisheries (MAAIF), the funding partner GLAVnet, the Uganda Veterinary Association (UVA), and the Uganda Animal Health Laboratory Network, staff and students of the college.

A once-outdated research lab in Uganda as recently as 2015 has undergone a remarkable transformation, emerging as a multi-unit scientific powerhouse that now plays a pivotal role in advancing national health priorities and training students across diverse disciplines. This revitalization was fueled by strategic partnerships, the most recent being the MoTAR project, Monitoring of Ticks and Acaricide Resistance in Uganda implemented by CoVAB. With support from the Global Alliance for Livestock Veterinary Medicines (GALVmed), the initiative will establish a total network of nine technically equipped laboratories across the country.

The labs, three of which have been commissioned including RTC, Gulu and Kumi labs will be central to diagnosing tick-borne diseases, tracking acaricide resistance, and generating data to inform national policy and improve livestock productivity.

Prof. Barnabas Nawangwe officially inaugurated the newly upgraded Research Centre for Tropical Diseases and Vector Control (RTC Lab) at CoVAB

Selected Equipments Procured Through the STI-OP Project at Makerere University

A. ***College of Veterinary Medicine, Animal Resources, and Biosecurity***

LC-Ms/MS Zenotof 7600 Sciex System

The system identifies and elucidates the unknown new structure of molecules in Proteomics, Metabolomics, Food safety, Toxicology, Drug development, Biotherapeutic, etc.

B. College of Engineering, Design, Art & Technology (CEDAT):

Materials Laboratory, Department of Mechanical Engineering

VP sigma 300 Scanning Electron Microscope Materials characterisation and Nanotechnology research (High resolution microscopy up to the nanoscale level).

C. College of Natural Sciences (CoNAS)

Weinmann medical ventilator.

Mechanical ventilation on participants who may be unable to breathe on their own or whose breathing is insufficient.

MAKERERE UNIVERSITY TECHNOLOGY AND INNOVATION CENTRE [MUTIC]

MakUnipod a multi-disciplinary state-of-the-art facility, was established on 1st August 2022 and launched on 23rd January 2024, as an autonomous unit mandated by the Office of the University Vice Chancellor, with the aim of fostering a culture of innovation and entrepreneurship within the university community and beyond.

MakUnipod serves as a dynamic physical space and cultural melting pot, fostering innovation among students, faculty, and external individuals alike, irrespective of their academic backgrounds. It offers a nurturing environment where individuals can unleash their inherent design prowess to craft solutions.

Marker spaces

MakUniPod is committed to providing essential infrastructure and facilities to nurture a community-focused innovation ecosystem. It was crucial to consider key factors during the planning phase to ensure the space is fair, inclusive, engaging, and safe.

Critical provisions tackled included: designing spaces for safety and functionality, creating collaborative workspaces, facilitating meeting and training locations, ensuring accessibility for individuals with disabilities, offering dependable internet access, and upholding clean restroom facilities.

A group photo during the MakUnipod Launch

Launching the MUTIC Board

The inauguration of the Board of the Makerere University Technology and Innovation Centre (MUTIC) on 24th July, 2025 by the Vice Chancellor, **Prof. Barnabas Nawangwe**.

The Board which will be chaired by Prof. Ireeta Winston Tumps will steer the strategy to commercialize the research findings at @Makerere and help to create thousands of jobs.

We congratulate the pioneer Board of MUTIC.

CAD room1 (22.79m²) and CAD room2 (30m²)

Furnished with Computers and software to facilitate learning and innovation. Provides opportunity to utilize computer-aided design (CAD) software to develop solutions and subsequently proceed to bring their ideas to life.

Design Lab/Collaborative space (48m²)

Meticulously set up, configured, and furnished to serve as an optimal environment for design thinking processes. Serves as a meeting room, training room, for mentorship and coaching sessions, workshops, seminars, conferences, pitching, and peer collaborations, ensuring a conducive environment for focused work and discussion

Students training at the Emgrand EV450 Power Battery management System Training Table at MakUniPod

Launch of the Industry 4.0 Training Program
30th May 2025

Makerere University Innovation Pod, in partnership with **Lwera** Electronics & Semiconductors and development partner **UNDP Uganda**, officially launched the Industry 4.0 Skilling Program. The program aims to foster a vibrant Industry 4.0 ecosystem at **Makerere University** by equipping young innovators with hands-on skills in electronics, automation, and smart manufacturing.

A cohort of 15 students and 5 graduates was selected to take part in this intensive training initiative. The program is designed not only to nurture professionals in the Industry 4.0 space but also to support the development of market-ready electronic products. The launch was officiated by the Minister of Science, Technology and Innovation, **Hon. Dr. Monica Musenero**, who commended the initiative for its role in shaping Uganda's future-ready workforce.

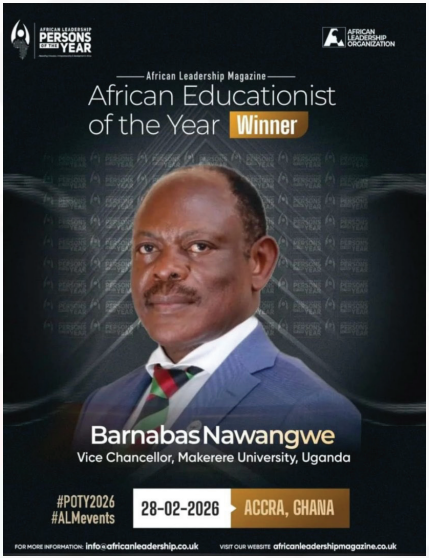
Makerere University

Best Innovation-Led Higher Education Institution 2025 - East Africa

Makerere University has successfully automated approximately 90% of all her business processes in-house. This has positioned Makerere as a Digital Transformation Leader in the region which has attracted several African Universities to benchmark Makerere's in-house digital automation success. I am therefore, pleased that Makerere has been awarded the Global Excellence Award-2025 in the category of "Best Innovation-Led Higher Education Institution 2025 - East Africa" for Digital Leadership.

AI Global Excellence Awards



African Educationist of the Year Award

Makerere University Vice Chancellor **Prof. Barnabas Nawangwe** has been honoured as the African Educationist of the Year, a prestigious continental award presented by the African Leadership Magazine.

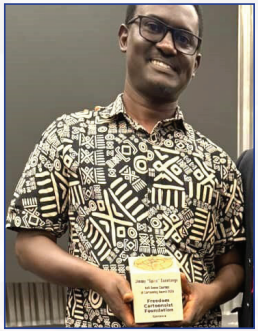
The announcement places Prof. Nawangwe among Africa's most influential figures in the education sector, celebrating his leadership at Uganda's oldest and most prominent institution of higher learning. The award will be formally conferred on **28 February 2026** in Accra, Ghana, during the African Leadership Magazine's Persons of the Year ceremony.

This was announced by the African Leadership Magazine.
On Monday 1st December, 2025 evening, an elated Prof. Nawangwe said he was humbled by the recognition. "I am humbled by the recognition of my efforts by the African Leadership Magazine. This gives me more energy to serve my continent better," Nawangwe said.
Last year's winner of the award was Prof. Samuel Edoumiekumo, vice-chancellor, Niger Delta University in Nigeria.

Under his stewardship, Makerere University has strengthened its research output, expanded international collaborations, and increased its visibility on the global academic stage. His tenure has also seen major strides in digital transformation, innovation ecosystems, and efforts to make the university a hub of excellence on the continent.

The African Educationist of the Year award recognises individuals who have demonstrated exceptional commitment to reshaping Africa's educational landscape, improving quality, and inspiring transformative learning across the continent.

International Jury recognizes academic's satirical art for defending free expression and human rights



Makerere's academic and political cartoonist ***Dr. Jimmy Spire Ssentongo*** *has been named co-winner of the 2026 Kofi Annan Courage in Cartooning Award, earning international recognition for his use of satire to challenge power, promote accountability and defend freedom of expression.*

The award, presented by the Freedom Cartoonists Foundation in partnership with the City of Geneva, honours editorial cartoonists who demonstrate exceptional courage in advancing free speech, often in politically sensitive or restrictive environments.

Dr. Angelina Mwesige Kakooza, an Associate Professor of Paediatrics at Makerere University received the 2025 TWAS-Fayzah M. Al-Kharafi Award in Medical Sciences

TWAS is a global merit-based science academy based in Trieste, Italy, and administered as a UNESCO Programme Unit. Organized in partnership by the Brazilian Academy of Sciences (BAS) and TWAS, the conference brought together leading scientists, policymakers, and institutional leaders from across the global South and beyond

The 6th edition of the Heroes in Health Awards (HIHA) held on 14th November 2025 during the Africa Health Summit

HIHA is an annual public-private partnership initiative launched in 2019 by the Ministry of Health in Uganda with support from Xtraordinary Media. It is a public choice award where members of the public nominate and vote for individuals, organizations, and programs making outstanding contributions to the health sector.

Heroes in Health Awards (HIHA) by Ministry of Health has three of our professors; Serwadda, Sewankambo, and Kamya.

Low- and Middle-Income Country (LMIC) Investigator Award at the 2026 International Behavioural Trials Network

Dr. David Musoke, Associate Professor and Chair of the Disease Control and Environmental Health Department at Makerere University School of Public Health (MakSPH), received the Low- and Middle-Income Country (LMIC) Investigator Award at the 2026 International Behavioural Trials Network (IBTNetwork) Conference, held from May 7–9, 2026, in Montreal, Canada. He was recognised for more than 10 years of impactful research on integrated malaria prevention in rural communities in Uganda.

Makerere University public health expert Dr. David Musoke (centre) receives an international award recognizing his decade-long research on community-based malaria prevention and behavioral health interventions in Uganda and other low-resource settings

On the occasion of the 8th edition of the Galien Forum Africa (FGA8), Galien Africa paid a special tribute to ***Prof. Rhoda Wanyenze*** *by showcasing her portraits at the heart of the event. The event is a celebration of Women Leaders in recognition of the remarkable contribution to making Galien Africa shine in Africa and around the world.*

The President of Galien Africa - Pr Awa Marie COLL SECK- describes ***Prof. Rhoda Wanyenze*** *as one of these exceptional women whose career and impact directly inspire those who work, every day, to build a better future for Africa.*

Mak-CoCIS Students Win Africa 2024 Marketplace Simulation Award

Undergraduate students from Makerere University's College of Computing and Information Sciences (CoCIS) have emerged as the best performers in the 2024 Marketplace Simulations Awards held during the AFRIC2024 Conference in Alexandria, Egypt, from November 4-15, 2024. The winning team, consisting of fourth-year Software Engineering students Fortunate Tusiime Agnes and Nampwera Elisha, alongside third-year Computer Science student Atuhaire Ronnie, was led by Dr. Swaibu Kyanda Kaawaase, the Head of the Department of Networks.

2025 UNHCR Student Challenge Award

Ateam of students from Makerere University has emerged victorious in the prestigious 2025 CIEE UNHCR Student Challenge, held at the 13th Anual Global Internship Conference (GIC) in Singapore.

The student-led competition, organised in partnership with the UN Refugee Agency (UNHCR), spotlighted innovative ideas to expand education and livelihood opportunities for forcibly displaced youth around the world.

Honoring Mak School of Law Students for winning the 2024 National Rounds of Jessup Moot Court Competitions

Jessup is the world's largest and oldest Moot Court Competition dedicated to International Law, with participants from over 550 law schools in more than 80 countries. Mak Law School was represented by: Harry Mwesigwa, Nayiga Tracy Hilda, Birungi Primah Elizabeth, Ankunda Mellissa and Kalinda Jamada Musa. Jessup International Law Moot Court Competition, was held on 1st August, 2024, in Washington DC, United States of America.

MAKERERE UNIVERSITY'S RESEARCH AND INNOVATIONS WEEK 2025

Launched by His Excellency the President of the Repulic of Uganda, Yoweri Kaguta Museveni

His Excellency the President of the Repulic of Uganda, Yoweri Kaguta Museveni inspecting the research exhibitions at Makerere University

On 8th April 2025, H.E President Yoweri Kaguta Museveni launched the three-day Research and Innovations Week at Makerere University. The event, which was held at the University's Freedom Square and Main Administration Building, offered a dynamic exploration of research breakthroughs and innovative projects in fields such as health care, critical infrastructure, behavioral science research and emerging technologies among others. On his tour of the exhibition of multi-disciplinary projects, President Museveni was joined by Hon. Dr. Joyce Moriku Kaducu who was representing the Minister of Education and Sports, Hon. Dr. Monica Musenero, Minister for Science, Technology and Innovation, Prof. Barnabas Nawangwe, Vice Chancellor Makerere University, Mrs. Lorna Magara, Chairperson of the Makerere University Council, and other dignitaries. In his keynote address, President Museveni congratulated Makerere on achieving such a milestone, praising the University community for the impressive innovations showcased. Expressing his satisfaction with the diverse innovations displayed, President Museveni also thanked the university administration for responding to societal needs. He noted, "The money we are allocating for research and innovations is merely 'endozo' (jaribu, a sip, a taste); we shall provide more in the future." While delivering remarks by the First Lady and Minister for Education and Sports, Hon. Janet Kataaha Museveni, Hon. Dr. Joyce Moriku Kaducu conveyed warm regards from the Minister to the Makerere University fraternity, and emphasized the Minister's unwavering commitment to advancing education and research in Uganda.

COMPANIES OF MAKERERE UNIVERSITY

Makerere University

Mak Holdings

- Manage Makerere University's commercial and economic interests
- Develop new revenue-generating ventures

Makerere University | IDI Infectious Diseases Institute

- Strengthening Health systems in Africa with strong emphasis on infectious diseases through research and capacity Development.
- Prevention, Care, Treatment, Training, Research and Laboratory services in Infectious diseases like HIV/AIDS.

AFRISA – African Institute for Strategic Animal Resource Services & Development

- Hands-on skilling in diary, fish and poultry
- Enterprise Development i.e support the development of Small and Medium-sized Enterprises (SMEs) in the agricultural sector, promoting value addition and market competitiveness
- Community transformation
- Partnerships
- Targeted groups of women and youth.

10 YEARS of Lung Science & Health – mli – Makerere University Lung Institute

- To improve lung health through prevention campaigns, research, training, and clinical care of patients.

AfriChild
Research. Policy. Impact.
The Centre for the study of the African Child

- Child Development
- Advocacy for Children's rights and well being

JULIUS NYERERE LEADERSHIP CENTRE

- Transformative youth leadership training and mentoring
- Innovative policy leading Research
- Quality dialogues

MakBRC

- Advancing Research
- Innovation and Technology
- Training and capacity building
- Health care systems strengthening

N.B. All this is in the area of biomedical sciences

EACREEE
Building a Sustainable Energy Future

East African Centre of Excellence for Renewable Energy and Efficiency

- Increased access of modern, affordable and reliable energy services
- Energy security
- Mitigation of negative effects of pollution and Green House Gases.

Makerere University
CENTER FOR HEALTH AND POPULATION RESEARCH
Operating Population-based Surveillance Cohorts

- Register and monitor health and demographic dynamics in the catchment population that is; births, deaths and migration

- Build Partnerships
- Health systems strengthening
- Service Delivery
- Capacity Building
- Research and Policy

N.B. These are all in the area of HIV/AIDS, TB, and other diseases of public health importance in Uganda and Africa.

MUWRP
Makerere University
Walter Reed Program

- HIV/AIDS Vaccine Development
- Capacity Building
- Research and Clinical Trials including HIV, Marburg and Ebola
- Prevention, Care and Treatment
- Community Engagement especially through its Orphans and Vulnerable Children (OVC) program

EPRC
ECONOMIC POLICY RESEARCH CENTRE

- A think tank that bridges the gap between policy and research to aid evidence-based decision-making. The mandate is on policy advice, capacity building, research and policy analysis, dissemination and discourse in various areas of economic policy and macroeconomic management, natural resources, environment and climate, private sector development and competitiveness, among others

CTCA
Center For Tobacco Control In Africa

- Support Governments in developing and implementing tobacco control programs
- Enhance capacity for tobacco control at national and regional levels
- Promote evidence-based policies and strategies for Tobacco control
- Mobilise resources for sustainable tobacco control efforts

HIGHLIGHT OF SELECTED CONFERENCES AT MAKERERE UNIVERSITY

African Research Universities Alliance (ARUA) Conference, 2025

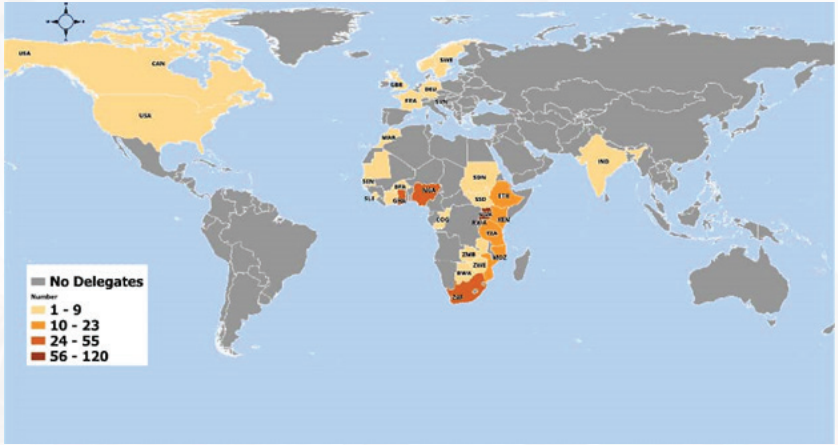
ARUA African Research Universities Alliance

10 ANNIVERSARY

FIFTH BIENNIAL INTERNATIONAL CONFERENCE

RESEARCH, INNOVATION & ARTIFICIAL INTELLIGENCE FOR AFRICA'S TRANSFORMATION

29 - 31 October 2025 Host: **Makerere University**



The 5th African Research Universities Alliance (ARUA) Biennial International Conference held on October, 29 to 31, 2025. Hosted by Makerere University, was officially opened by **Hon. Dr. Monica Musenero Masanza** the Minister for Science, Technology and Innovation Information. Total Registered Participants: 432, number of Breakaway sessions: 34, Presentations Made: 111, Session Chairs: 34

Nationality of Delegates

International delegates were mainly from Nigeria (N= 52), Ghana (N= 39), Kenya (N=23), South Africa (37), Tanzania (N = 15), Mozambique (N = 12) and Ethiopian (N = 13).

OPENING CEREMONY

Speakers

Prof. Robert Wamala,
(Chair, Local Organising Committee)

Prof. Barnabas Nawangwe
(VC, Makerere University)

Prof. Sizwe Mabizela
(VC, Rhodes University)

Dr. Lorna Magara
(Makerere University Council Chair)

Hon. Dr. Musenero Monica Masanza (Minister of Science, Technology & Innovation, STI, in the Office of the President of Uganda)

Prof. John Owusu Gyapong (ARUA Secretary-General)

KEYNOTE SPEAKERS

Prof. Tshilidzi Marwala
(Rector, United Nations University)

Prof. Patrick Okori
(Executive Director, Regional Universities Forum for Capacity Building in Agriculture-RUFORUM)

Prof. Vukosi Marivate
ABSA UP Chair of Data Science, University of Pretoria

Senior AI Policy Manager, J-PAL Global

5th African Research Universities Alliance (ARUA) Biennial International Conference in Pictorial

The 2nd AI in Health Africa Conference

The 2nd AI in Health Africa Conference was hosted by the Makerere University AI Health Lab from 6th to 7th November, 2025. where experts, policymakers, researchers, and healthcare innovators explored AI-driven solutions tailored to Africa's unique healthcare landscape. Building on the success of the inaugural event, this year's conference highlight ed South-to-South collaboration, knowledge exchange, and the localization of AI in African healthcare systems.

Key discussions will focus on integrating AI with indigenous knowledge systems, addressing linguistic and cultural diversity, and ensuring AI enhances existing healthcare tools rather than creating siloed solutions. The role of Generative AI in healthcare innovation and sustainable business models will also take center stage.

Government of Uganda reaffirms commitment to AI-Driven Innovation in Health and Development

First Annual National Communicable and Non-communicable Disease Conference

First Annual National Communicable and Non-communicable Disease Conference was jointly organized by the Ministry of Health and Makerere University hosted at Speke Resort Munyonyo. The conference was officially opened by the Minister of Health – Dr. Jane Ruth Aceng Ocero and had over 500 participants. Among the delegates were, Permanent Secretary in the MoH(Diana Kanzira Atwine), representatives from CDC, WHO, VCs and DVCs from public institutions in Uganda, Principle of the CHS, Director IDI, colleagues from academic, CSOs, researchers as well as students and early career researchers. The keynote address was delivered by Dr. Queen Dude who currently serves as the Newborn Health Program Lead at WHO Headquarters in Switzerland. In particular, Makerere University School of Public Health was honored to co-organize the conference under the stewardship of Prof. Rhoda Wanyenze. The School has not only coordinated the conference but also been instrumental in conceptualizing this inaugural unified national platform.

MAKERERE UNIVERSITY PRESS

The Makerere University Council approved the establishment of the Makerere University Press (MakPress) in December 1995. It was subsequently launched by the President of Uganda,

H.E. Yoweri K. Museveni, on 24th January 1997. The MakPress receives funding from the Government of Uganda through the Scholarship Vote.

The MakPress is administered under the Directorate of Research, Innovation and Partnerships (DRIP). Its core mandate is the production and dissemination of knowledge and research outputs, mostly for academic purposes. The MakPress publications are in all disciplines of the university.

MAKERERE UNIVERSITY

HEALTH SERVICES

Prof. Byamugisha Josaphat Kayogoza
Director, Makerere University Health Services

Makerere University Health Services refers to services offered by Makerere University Hospital, the Dental School, and Satellite clinics at the Kabanyolo and Jinja campuses. Makerere University Hospital has existed since 1978 and has served not only as a center for providing healthcare services but also as a center for training and research. The Hospital is managed by the College of Health Sciences (CHS); all CHS departments are reflected at the Hospital and highly supported by professionals from the College.

The hospital provides the following services to students, staffs and the general community:

1. General outpatient services
2. Inpatient care services
3. Consultant-driven outpatient clinics
4. Pharmacy services
5. HIV care services
6. Immunization services
7. Dental services
8. Ear Nose and Throat (ENT)
9. Optometry
10. Ophthalmology services
11. Sports Medicine & Physiotherapy
12. Clinical nurse specialists
13. Surgical services
14. Diagnostic Radiological services
15. Laboratory services
16. Ambulance & Evacuation services

Dental Hospital and Dental School

Temporal bone Laboratory, for training ENT Department graduate students

STUDENTS WITH SPECIAL NEEDS

All people have disabilities; however, there are those who have more pronounced disabilities. Makerere University admits students with special needs and/or disabilities under government sponsorship. All candidates including those with disability meet the minimum requirements for admission into the University. The University enrolls the highest number of students with disabilities out of the 64 slots allocated to all Public universities in Uganda. **The number of students with a disability admitted to Makerere University for government sponsorship are**

CATEGORY	2024/25		2023/24		2022/23		2021/22

Library Services for Users with Disabilities/Special needs

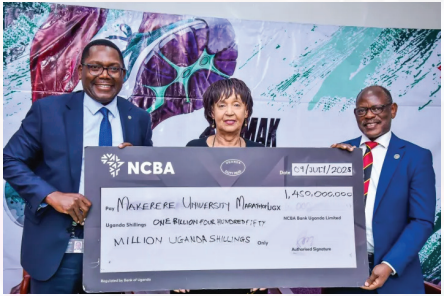
1.Fusion Camera: Takes a snapshot of the printed material and converts it into digital form in real time

2.Braille Keyboard: Assistive technology which allows blind or visually impaired library users to do common tasks such as writing and browsing the Internet.

3.Pearl Reading Scanner: Used by library users who are partially blind/very short sighted.

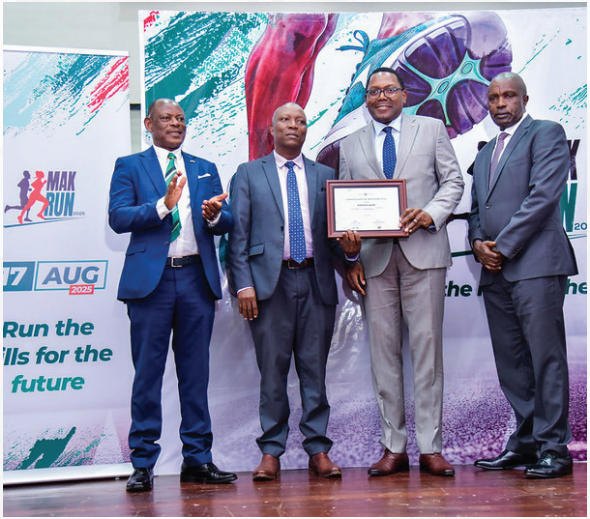
4.Braille Embosser: It prints braille output from a computer by punching dots onto paper and this makes written documents readable by the blind

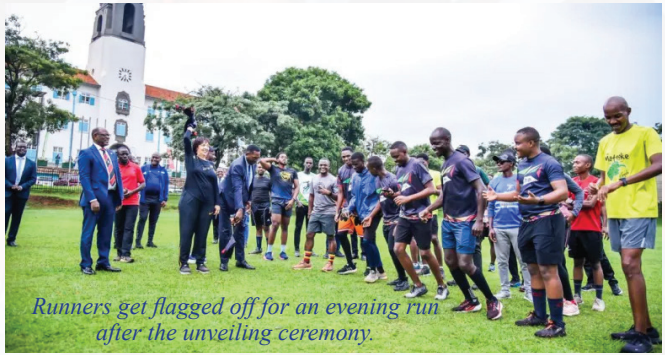
MakRun 2025 Launch



Left to Right: NCBA Bank CEO-Mr. Mark Muyobo, MakEF Board Chairperson-Dr. Maggie Kigozi and the Vice Chancellor-Prof. Barnabas Nawangwe hold the dummy cheque unveiling the UGX 1.45 billion sponsorship for the Makerere Run for the next five years.

NCBA Bank Uganda's CEO, Mark Muyobo, emphasized the bank's dedication to education and nation-building, stating, "We are proud to partner with Makerere University because the Mak Run champions access to education, health, and opportunity for all students with special needs. This sponsorship reflects NCBA's commitment to creating lasting impact through meaningful partnerships."





Runners get flagged off for an evening run after the unveiling ceremony.

MakRun - 2025

The Makerere Run 2025, hosted by the Makerere University Endowment Fund (MAKEF) on 17th August 2025, returns for its fifth edition as Kampala's premier charity marathon, uniting 8,000+ runners—students, alumni, corporate teams, and elite athletes under the theme "Run the Hills for the Future."

President Yoweri Kaguta Museveni commissioned handover of E-Mobility Buses to Makerere University to support - among other aspects the transportation needs of students living with disabilities on campus

LIBRARY RESOURCES

The Makerere University Library, which started from a small Tutor's Library in 1949, grew to become one of the biggest and best Libraries in Uganda and Africa. It has a seating capacity of over 4,000 users. It acts as a National Reference Library, Legal and United Nations Deposit Centre

The library collection consists of:

- over 35,968 electronic books accessible through MYLOFT (My Library on Finger Tips) remote access system
- 299,841 titles (481, 413 copies) of print monographs, and 11,395 print journals that are accessible through an online catalogue referred to as MAKULA.
- An institutional Repository where staff and students' research output are maintained. This has improved the institution's online visibility
- A wall of fame
- A mothers' space for expectant and breastfeeding library users
- An archive with a rich collection of newspapers (since 1900), photograms, and traditional music

MAKERERE UNIVERSITY

Mak@ A Glance

Has been compiled, designed, and published by the Directorate of Research, Innovation, and Partnerships Makerere University.

As we present Makerere University at a Glance, the Directorate extends sincere appreciation to all our partners, researchers, staff, students, and stakeholders whose contributions continue to elevate Makerere's standing as a premier centre of academic excellence. In a special way the Directorate sincerely acknowledges the strategic leadership and invaluable guidance of Prof. Barnabas Nawangwe, Vice Chancellor, and Prof. Sarah Ssali, Deputy Vice Chancellor (Academic Affairs), whose vision, unwavering support, and commitment were instrumental in the successful development and production of Makerere University at a Glance.

In the heart of Uganda, nestled within the vibrant campus of Makerere University, a remarkable journey began in 2008. It was a journey fueled by innovation, ambition, and the relentless pursuit of a dream—the dream of pioneering an automotive revolution on the African continent. Zero-emissions city buses with a range of 300 km under the Kayoola EVS brand name, two premium ultra-luxury executive long-distance buses under the Kayoola Coach brand name and five state of the art city buses for the off taker Tondeka Metro Company
