

TIME	ACTIVITY	RESPONSIBLE PERSON	Session chair
<i>DAY ONE, 16TH. November, 2017</i>			
8-8.50	Arrival and registration	Secretariat	Ms. Rita Namisango
9- 9.15	Opening remarks by project PI	Prof. John. R. S. Tabuti	
9.15-9.30	Remarks by the Principal CAES	Prof. Bashaasha Bernard	
10.00 -10.15	Remarks by Chairperson NIDIC	Prof Hannington Oryem-Origa	
9.30 – 9.45	Remarks by Director graduate school	Prof. BuyinzaMukadasi	
9.45 -10am	Remarks by Ass. Commissioner FSSD	Dr. Margaret AthienoMwebesa	
10.15 – 10.30	Remarks by Parliamentary Chair, Natural resource management		
10.30	Group Photo	Secretariat	
10.30–11.00	<i>BREAK</i>	<i>Kolping Hotel</i>	
10:30am-11:00am	Assessment of community participation in forestry carbon projects in Uganda: Implications for REDD+	Ms. Kellen Aganyira	Prof Muwanika
11:00am-11:30am	Ecological attributes of restored tropical moist forests in Kibale National Park, Uganda	Mr. Enock Ssekuubwa	
11:30am-12:00pm	Effects of tenure arrangements on forest conservation and rural livelihoods in mid-western Uganda	Mr. Christopher Mawa	
12:30pm-1:00pm	Implications of Climate Change and Variability on Communities Livelihoods and Forest Resources in Western Tanzania	Mr. Mabuye Edmund	
1.00-2.00	LUNCH	<i>Kolping Hotel</i>	
2.00 -2.30pm	Implications of social safeguards on REDD+ Sustainability. A case study of Lindi Pilot, Tanzania	Mr. Philemon Mukisa	Dr. Esaete Josephine
2.30 – 3.00pm	Forest returns, incentives and conservation of private natural forests in Hoima and Kibale Districts-western Uganda	Ms. Esther kemigisha	

3:00pm-3:30pm	Agriculture and Forest Cover Change in Northern Eastern Tanzania: A Case of Mbulu and Karatu Districts	Ms. Leonia John Raphael	
3:30pm-4:00pm	Topic yet to be confirmed	Ms. Paul DottoKuhenga	
	<i>EVENING TEA AND CLOSE OF DAY</i>	<i>Kolping Hotel</i>	
<i>DAY TWO, 17th Nov, 2017</i>			
9:00am-9:30am	A Model for Estimating Above Ground Carbon Stock Changes in Mabira Forest Reserve	Mr. JumaKatongole	Dr. Nampanzira Dorothy
9.30 -10.00	Vegetation regeneration in formerly cultivated areas in Mabira central forest reserve	Mr. Rogers Musiba	
10.00 – 10.30	Local communities knowledge, attitudes and practices towards the REDD+ program in Hoima district, Uganda	Ms. AnnetAkaturwasa	
9:30am-10:00am	Membership Dynamics in Forest User Groups and their Socio-economic determinants: Evidence from Collaborative Forest Management around Mabira Forest Reserve, Uganda	Mr. EdmandAryampika	
<i>10.00 – 10.30 am</i>	<i>BREAK</i>	<i>Kolping Hotel</i>	
10:30am-11:00am	Gender and Benefit Sharing in Forest Conservation: A case of Mt. Elgon National Park Forest, Eastern Uganda	Ms. Batuusa M Sherry	Prof. JRS Tabuti
11.00-11.30am	Assessment of tree planting on private lands in Mayuge District Eastern Uganda	Mr. Mutekanga Denis	
11.30-12.00noon	Membership Dynamics in Forest User Groups and their Socio-economic determinants: Evidence from Collaborative Forest Management around Mabira Forest Reserve, Uganda	Mr. EdmandAryampika	
12.00 – 12.30pm	The influence of type of matrix on bird seed dispersal around Mabira Central forest reserve	Mr. Sadat Kalindi	
12.30 – 1.00pm	Estimating site specific stem density of a common and rare tree species: Case study Mabira central forest reserve	Mr. Michael Lugonja	
<i>1.00 -2.00pm</i>	<i>LUNCH</i>	<i>Kolping Hotel</i>	

2.00-2.20pm	Participation of farmers in on-farm tree planting in Kiryanga Sub County: Tree species selected, incentives and demographic factors influencing the practice	Mr. Charles Tumuhe	Prof . Vincent Muwanika
2.20-2:40pm	Factors influencing community members' Participation in Forest conservation: Case study of Budongo Forest reserve	Ms. Gloria Rukundo	
2:40-3:00pm	Implications of land use/ cover change on carbon stocks of west Bugwe forest reserve, Eastern Uganda	Ms. MutesiFatuma	
3.00 – 3.20pm	Economics of payments for forest carbon sequestration as an incentive for forest conservation in Uganda: a case study of Buyikwe district.	Mr. David Waiswa	
3.30pm	DEPARTURE
